1.0 New or Maintenance

Maintenance

1.1 Measure Structure

Single Measure

1.3 Electronic Clinical Quality Measure (eCQM)

No

1.6 Measure Description

The percentage of patients aged 2 through 64 with a high risk condition, or aged 65 years and older who either received a pneumococcal vaccine (reported separately) or had a contraindication to pneumococcal vaccine (reported separately).

1.7 Measure Type

Process

1.8 Level of Analysis

Health Plan, Other, Population: Regional and State

1.9 Care Setting

Other

1.14 Numerator

Two separate numerators: 1. Patients who received a pneumococcal vaccine 2. Patients who have a contraindication to pneumococcal vaccine

1.15 Denominator

Patients aged 2 through 64 years with a high risk condition (e.g., diabetes, heart failure, COPD, end-stage kidney disease, nephrotic syndrome, chronic kidney disease, chronic dialysis, asplenia, malignancy, solid organ transplant, on immunosuppressive medications, HIV) or patients aged 65 years and older.

1.20 Types of Data Sources

Claims Data, Electronic Health Records: Electronic Health Records, Other

6.1.2 Current or Planned Use(s)

Public Reporting, Quality Improvement (Internal to the specific organization)

Exclusions

(Words written in all capitals are element names. Please refer to the code set for full description)

Specific Exclusions:

1. Exclusions associated with Validation Rules (see below)
 - a. Diabetes adult validation is confirmed (see below)
 - b. Pediatric type 1 diabetes validation is confirmed (see below)
 - c. Pediatric type 2 diabetes validation is confirmed (see below)
 - d. Dialysis Chronic Validation is confirmed (see below)
 - e. CHF Any Stage validation is confirmed (see below)
 - f. COPD validation is confirmed (see below)
2. Allergy or anaphylactic reaction to the pneumococcal vaccine

General exclusions:

1. Patients who are terminally ill or in Hospice

Planned Use

Public Reporting, Quality Improvement (Internal to the specific organization)

Risk Adjustment

No risk adjustment or risk stratification

Target Population

Elderly, Populations at Risk: Populations at Risk
