

Measure Algorithm:

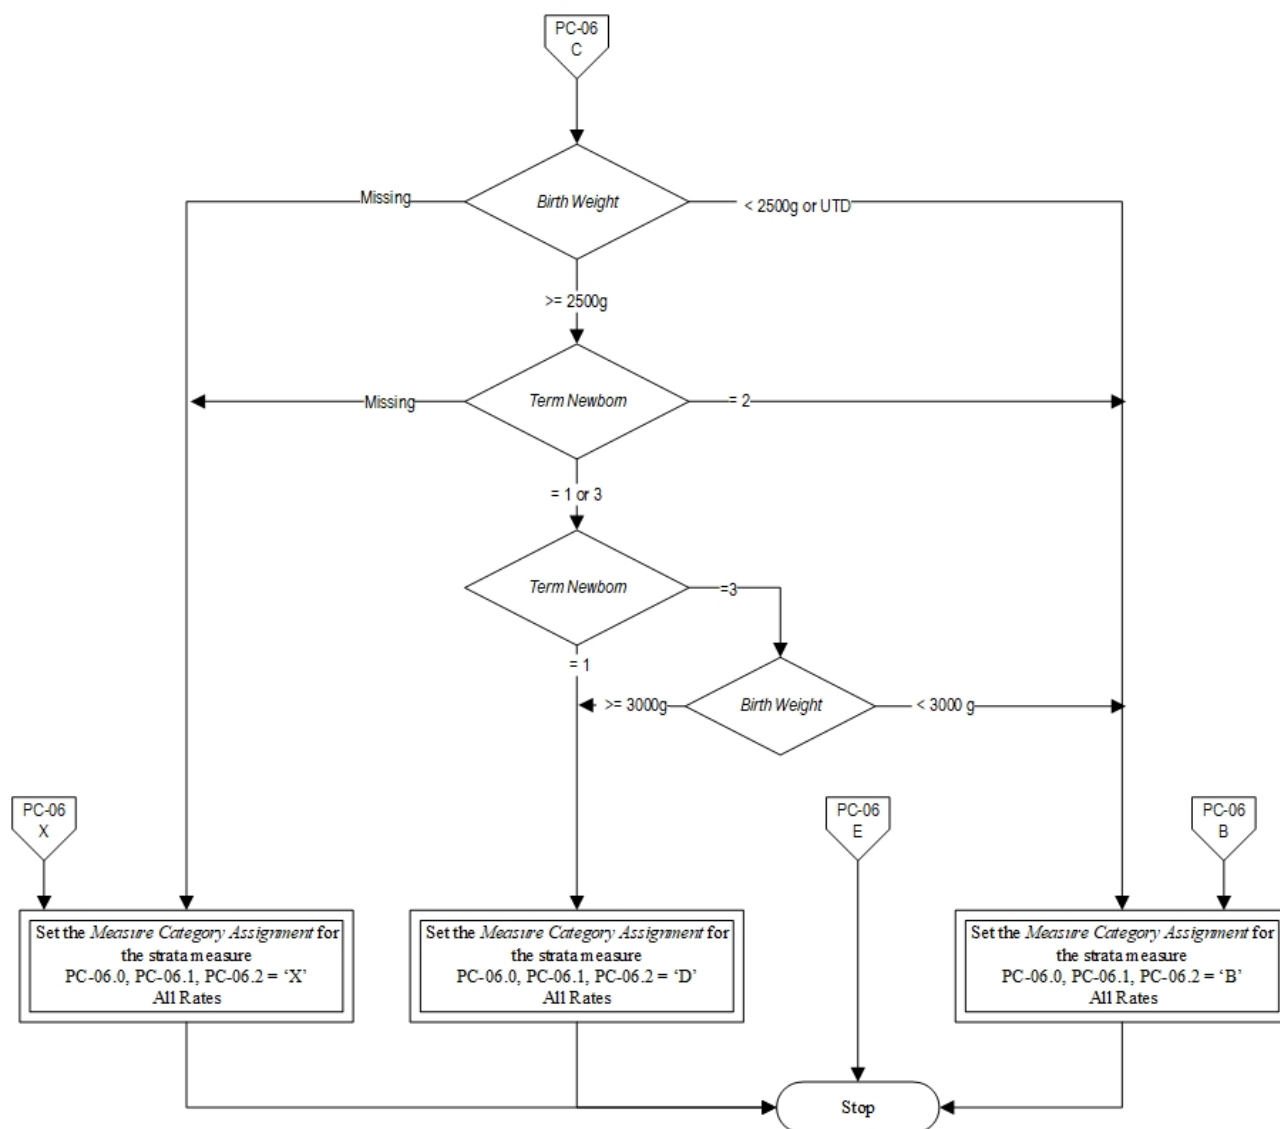

PC-06: Unexpected Complications in Term Newborns

Numerator: Newborns with severe complications and moderate complications.
Denominator: Liveborn single term newborns 2500 gm or over in birth weight.

PC-06: Algorithm Narrative

PC-06: Unexpected Complications in Term Newborns**Numerator:** Newborns with severe complications and moderate complications**Denominator:** Liveborn single term newborns 2500 gm or over in birth weight**Variable Key:** Length of Stay**Measure ID**

PC-06.0 Overall

PC-06.1 Severe Complications

PC-06.2 Moderate Complications

Assignment

E In Numerator Population

D In Measure Population

B In in Measure Population

X Case Will Be Rejected

1. Start processing. Run cases, which are included in the PC-Newborn UNC Initial Patient Population and pass the edits defined in the Clinical Data Processing Flow, through this measure.
2. Initialize the Measure Category Assignment for all strata measures PC-06.0=Null, PC-06.1=Null, PC-06.2=Null.
3. Check ICD-10-CM Principal or Other Diagnosis Codes
 - a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.30, 11.31 or 11.32, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Stop processing.
 - b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.30, 11.31 or 11.32, continue processing and proceed to check Discharge Disposition.
4. Check Discharge Disposition
 - a. If Discharge Disposition is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Stop processing.
 - b. If Discharge Disposition equals 3, 4, 5 or 6, the case will proceed to Step 20 to check Severe Complications.
 - c. If Discharge Disposition equals 1, 2, 7 or 8, continue processing and proceed to check ICD-10-CM Principal or Other Diagnosis Codes.
5. Check ICD-10-CM Principal or Other Diagnosis Codes
 - a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.36, 11.37, 11.38, 11.39, 11.40 or 11.41, the case will proceed to Step 20 to check Severe Complications.
 - b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.36, 11.37, 11.38, 11.39, 11.40, 11.41, continue processing and proceed to check ICD-10-PCS Principal or Other Procedure Codes.

6. Check ICD-10-PCS Principal or Other Procedure Codes

- a. If at least one of the ICD-10-PCS Principal or Other Procedure Codes is on Table 11.42, 11.43 or 11.44, the case will proceed to Step 20 to check Severe Complications.
- b. If all ICD-10-PCS Principal or Other Procedure Codes are missing or none of them on Table 11.42, 11.43, 11.44, continue processing and proceed to calculate Length of Stay.

7. Calculate Length of Stay. Length of Stay, in days, is equal to the Discharge Date minus the Admission Date. continue processing and proceed to check ICD-10-CM Principal or Other Diagnosis Codes.

8. Check ICD-10-CM Principal or Other Diagnosis Codes

- a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.45 , the case will proceed to check Length of Stay.
- b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.45, the case will proceed to step10 to check ICD-10-CM Principal or Other Diagnosis Codes.

9. Check Length of Stay

- a. If Length of Stay is equal to or less than 4 days, the case will proceed to Step10 to check ICD-10-CM Principal or Other Diagnosis Codes.
- b. If Length of Stay is greater than 4 days, the case will proceed to Step 20 to check Severe Complications.

10. Check ICD-10-CM Principal or Other Diagnosis Codes

- a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.46 or 11.47 , the case will proceed to step 24 to check Moderate Complications.
- b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.46, 11.47, continue processing and proceed to check ICD-10-PCS Principal or Other Procedure Codes.

11. Check ICD-10-PCS Principal or Other Procedure Codes

- a. If at least one of the ICD-10-PCS Principal or Other Procedure Codes is on Table 11.48, the case will proceed to Step 24 to check Moderate Complications.
- b. If all ICD-10-PCS Principal or Other Procedure Codes are missing or none of them on Table 11.48, continue processing and proceed to check ICD-10-CM Principal or Other Diagnosis Codes.

12. Check ICD-10-CM Principal or Other Diagnosis Codes

- a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.20.2 , the case will proceed to step 13 to check Length of Stay.
- b. If none of them on Table 11.20.2 and at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.20.3, continue processing and proceed to step 14 to check Length of Stay.

13. Check Length of Stay

- a. If Length of Stay is equal to or less than 2 days, the case will proceed to Step 28 to check Birth Weight.
- b. If Length of Stay is greater than 2 days, the case will proceed to Step 15 to check ICD-10-CM Principal or Other Diagnosis Codes.

14. Check Length of Stay

- a. If Length of Stay is equal to or less than 4 days, the case will proceed to Step 28 to check Birth Weight.
- b. If Length of Stay is greater than 4 days, the case will proceed to Step 15 to check ICD-10-CM Principal or Other Diagnosis Codes.

15. Check ICD-10-CM Principal or Other Diagnosis Codes

- a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.49, 11.50 or 11.53 , the case will proceed to step 24 to check Moderate Complications.
- b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.49, 11.50, 11.53, continue processing and proceed to step 16 to check ICD-10-PCS Principal or Other Procedure Codes.

16. Check ICD-10-PCS Principal or Other Procedure Codes

- a. If at least one of the ICD-10-PCS Principal or Other Procedure Codes is on Table 11.51, or 11.52 , the case will proceed to step 24 to check Moderate Complications.
- b. If all ICD-10-PCS Principal or Other Procedure Codes are missing or none of them on Table 11.51, 11.52, continue processing and proceed to step 17 to check Length of Stay.

17. Check Length of Stay

- a. If Length of Stay is equal to or less than 5 days, the case will proceed to Step 28 to check Birth Weight.
- b. If Length of Stay is greater than 5 days, the case will proceed to Step 18 to check ICD-10-CM Principal or Other Diagnosis Codes.

18. Check ICD-10-CM Principal or Other Diagnosis Codes

- a. If at least one of the ICD-10-CM Principal or Other Diagnosis Codes is on Table 11.33, or 11.35 , the case will proceed to step 28 to check Birth Weight.
- b. If all ICD-10-CM Principal and Other Diagnosis Codes are missing or none of them on Table 11.33, 11.35, continue processing and proceed to step 19 to check ICD-10-CM Principal or Other Diagnosis Codes.

19. Check ICD-10-PCS Principal or Other Procedure Codes

- a. If at least one of the ICD-10-PCS Principal or Other Procedure Codes is on Table 11.34 , the case will proceed to step 20 to check Severe Complications.

- b. If all ICD-10-PCS Principal or Other Procedure Codes are missing or none of them on Table 11.34, continue processing and proceed to step 24 to check Moderate Complications.

20. Check Birth Weight

- a. If Birth Weight is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is UTD or less than 2500g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Birth Weight is equal to or greater than 2500g, continue processing and proceed to step 21 to check Term Newborn.

21. Check Term Newborn

- a. If Term Newborn is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Term Newborn is equal to 2, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Term Newborn is equal to 1 or 3, continue processing and proceed to step 22 to check Term Newborn.

22. Check Term Newborn

- a. If Term Newborn is equal to 1, the case will proceed to a Measure Category Assignment of E and will be in the numerator population. Assign the Measure Category to E for PC-06.0, PC-06.1, and assign Measure Category to D for PC-06.2. Stop processing.
- b. If Term Newborn is equal to 3, continue processing and proceed to step 23 to check Birth Weight.

23. Check Birth Weight

- a. If Birth Weight is less than 3000g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is equal or greater than 3000g, the case will proceed to a Measure Category Assignment of E and will be in the numerator population. Assign the Measure Category to E for PC-06.0, PC-06.1, and assign Measure Category to D for PC-06.2. Stop processing.

24. Check Birth Weight

- a. If Birth Weight is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is UTD or less than 2500g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Birth Weight is equal to or greater than 2500g, continue processing and proceed to step 25 to check Term Newborn.

25. Check Term Newborn

- a. If Term Newborn is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Term Newborn is equal to 2, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Term Newborn is equal to 1 or 3, continue processing and proceed to step 26 to check Term Newborn.

26. Check Term Newborn

- a. If Term Newborn is equal to 1, the case will proceed to a Measure Category Assignment of E and will be in the numerator population. Assign the Measure Category to E for PC-06.0, PC-06.2, and assign Measure Category to D for PC-06.1. Stop processing.
- b. If Term Newborn is equal to 3, continue processing and proceed to step 27 to check Birth Weight.

27. Check Birth Weight

- a. If Birth Weight is less than 3000g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is equal or greater than 3000g, the case will proceed to a Measure Category Assignment of E and will be in the numerator population. Assign the Measure Category to E for PC-06.0, PC-06.2, and assign Measure Category to D for PC-06.1. Stop processing.

28. Check Birth Weight

- a. If Birth Weight is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is UTD or less than 2500g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Birth Weight is equal to or greater than 2500g, continue processing and proceed to step 29 to check Term Newborn.

29. Check Term Newborn

- a. If Term Newborn is missing, the case will proceed to a Measure Category Assignment of X and will be rejected. Assign the Measure Category to X for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Term Newborn is equal to 2, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- c. If Term Newborn is equal to 1 or 3, continue processing and proceed to step 30 to check Term Newborn.

30. Check Term Newborn

- a. If Term Newborn is equal to 1, the case will proceed to a Measure Category Assignment of D and will be in the population. Assign the Measure Category to D for PC-06.0, PC-06.2 and PC-06.1. Stop processing.
- b. If Term Newborn is equal to 3, continue processing and proceed to step 31 to check Birth Weight.

31. Check Birth Weight

- a. If Birth Weight is less than 3000g, the case will proceed to a Measure Category Assignment of B and will not be in the Measure Population. Assign the Measure Category to B for PC-06.0, PC-06.1 and PC-06.2. Stop processing.
- b. If Birth Weight is equal or greater than 3000g, the case will proceed to a Measure Category Assignment of D and will be in the population. Assign the Measure Category to D for PC-06.0, PC-06.2 and PC-06.1. Stop processing.
