

CBE 1463: Standardized Hospitalization Ratio for Dialysis Facilities (SHR)

5.3.4 Validity Testing Results

5.3.4 [If validity testing was conducted] Validity Testing Results*

Provide the statistical results from validity testing for each level and type of validity testing conducted. Do not report accountable entity level validity testing for instrument submissions (this information will be collected for each IDM).

Table: Correlation between SHR and other measures, 2023

Measure	Spearman's rho	p-value
SFR	-0.18	<0.0001
Kt/V ≥ 1.2	-0.24	<0.0001
Long-term Catheter	0.18	<0.0001
SMR	0.13	<0.0001
SRR	0.42	<0.0001
STrR	0.30	<0.0001
