

Consensus Standards Approval Committee Voting Results and Decisions for the Fall 2022 Measures

The Consensus Standards Approval Committee (CSAC) convened for a web meeting on July 24, 2023, to review candidate measures for the Fall 2022 cycle. The tables below illustrate voting results for the following endorsement & maintenance (E&M) standing committees:

- All-Cause Admissions and Readmissions
- Cardiovascular
- Geriatrics and Palliative Care
- Patient Experience and Function
- Patient Safety
- Prevention and Population Health
- Renal

For the Fall 2022 cycle, the CSAC endorsed 19 of the 28 measures reviewed, including 16 measures via a consent calendar. Measures can only be included on the consent calendar if they meet all [consent calendar criteria](#) including receiving an 80 percent or greater passing vote for overall suitability for endorsement by the respective E&M standing committee. Measures on the consent calendar are approved for endorsement via offline review, where CSAC members have the opportunity to review the measures and request to pull measures from the consent calendar for discussion and vote. For the Fall 2022 cycle, no measures were pulled for discussion, therefore all 16 measures on the consent calendar were endorsed during the July 24 CSAC meeting without discussion. The CSAC discussed and voted on the 12 remaining, non-consent calendar measures during the July 24 meeting.

The CSAC measure endorsement decisions are final. The 30-day Appeals period for endorsed measures is open from August 4 – September 3, 2023.

All-Cause Admissions and Readmissions Standing Committee

CBE ID	Measure Title	Measure Steward/ Developer	Standing Committee Recommendation	CSAC Voting Result	CSAC Decision
3474	Hospital-Level, Risk Standardized Payment Associated With a 90-Day Episode of Care for Elective Primary Total Hip and/or Total Knee Arthroplasty	Centers for Medicare & Medicaid Services (CMS)/ Yale New Haven Health Services Corporation – Center for Outcomes Research and Evaluation (Yale CORE)	Not Recommended for Endorsement	Uphold the Standing Committee’s recommendation: 6 Do not uphold the recommendation; instead, return the measure back to the Standing Committee: 6 Abstain: 1	Returned to Committee for Reconsideration*
3490	Admission and Emergency Department (ED) Visits for Patients Receiving Outpatient Chemotherapy	CMS/Yale CORE	Recommended for endorsement	Approved via consent calendar	Endorsed

**Since the All-Cause Admissions and Readmissions committee is not convening for the Spring 2023 cycle and will be retired at the end of 2023, this measure will be reviewed by the Cost and Efficiency committee under Battelle’s new process during a future cycle.*

Cardiovascular Standing Committee

CBE ID	Measure Title	Measure Steward/ Developer	Standing Committee Recommendation	CSAC Voting Result	CSAC Decision
2377	Overall Defect-Free Care for AMI	American College of Cardiology	Recommended for endorsement	Approved via consent calendar	Endorsed

Fall 2022 CSAC Voting Results and Decisions

CBE ID	Measure Title	Measure Steward/ Developer	Standing Committee Recommendation	CSAC Voting Result	CSAC Decision
2558	Hospital 30-Day, All-Cause, Risk-Standardized Mortality Rate (RSMR) Following Coronary Artery Bypass Graft (CABG) Surgery	CMS/Yale CORE	Recommended for endorsement	Approved via consent calendar	Endorsed
3716	CVD Risk Assessment Measure – Proportion of Pregnant/Postpartum Patients That Receive CVD Risk Assessment With a Standardized Tool	University of California, Irvine	Not Recommended for Endorsement	Uphold the Standing Committee's recommendation: 13 Do not uphold the recommendation; instead, return the measure back to the Standing Committee: 0 Abstain: 0	Not Endorsed
3735	CVD Risk Follow-up Measure - Proportion of patients with a positive CVD risk assessment who receive follow-up care	University of California, Irvine	Not Recommended for Endorsement	Uphold the Standing Committee's recommendation: 13 Do not uphold the recommendation; instead, return the measure back to the Standing Committee: 0 Abstain: 0	Not Endorsed
